

IHS Clients Stabilized into Housing (via Prevention & Placement)

Housing Stabilization (Placement & Prevention)

Housing services help those in crises to transition out of homelessness or stay housed if on the verge of eviction. By offering housing assistance options that are tailored to the individual, including those at-risk, recently homeless, chronically homeless, physically vulnerable, and more - we are capable of serving the community at large and continue to move thousands out of homelessness every year. In the past 11 years, 17,291 people have been provided subsidized and non-subsidized housing.

IHS Emergency & Specialized Shelter Clients Served

Emergency & Specialized Shelter Clients

Hawaii's shelter system provides safety, short-term stabilization and is a stepping stone toward permanent housing. As homelessness and the needs of the community continues to evolve, our shelter system must adapt. Over the past 11 years, we have provided safety and short-term stabilization for 17,415 people.

IHS Meal Program's Total Served

Meal Program

Meals are an entry point for clients to experience IHS, develop relationships with our team and consider accepting help and housing. IHS staff provides three meals daily to anyone in need. Over the past 11 years, we have served 2,906,449 meals. With a growing demand for homeless services, demand for meals continues to increase each year.

IHS Homeless Outreach Clients Served Across Oahu

Homeless Outreach Clients

Meeting unsheltered homeless people where they are - on the streets, geographically, spiritually and emotionally – is the nature of our homeless outreach program. IHS has evolved this team from being mainly focused on medical outreach providing wound care and health interventions, to being a housing-focused homeless outreach team that is capable of providing clinical interventions and generating interest in solutions to end their homelessness. Since the program began in 2008, IHS' Outreach team has grown from 2 individuals to a team of 12. 5,104 individuals were helped in the past 11 years.

IHS Employment Program Clients Served

Employment Services

IHS' Hele-to-Work program offers comprehensive employment services that include job search and placement, resume building workshops, budgeting courses, access to ESL programs, dressing for success, and job skills development through our Urban Agriculture Rooftop Education and Training Center. With the program beginning in 2010, IHS has served a total 6,317 individuals in the last 9 years.

Health Services

Partnerships have grown to include H4 urgent Care, the Queens' Care Collaboration, Hawaii Health and Harm Reduction Center, Kalihi Palama Health Center, Waikiki Health Center and hospital emergency departments.

IHS health services identifies people in need including those staying at shelters. We also provide urgent care by H4 to people who come in through outreach, screening for shelter admissions, wound care and medication management. We also help people establish primary care provider relationships.

IHS partnered with Honolulu Police Department, H4 to kick off the Chinatown Joint Outreach Center with

other homeless services providers and continues to enjoy the collaboration of the UH John A Burns School of Medicine's H.O.M.E. project that serves homeless persons and offers training for medical students.
