

IHS Clients Stabilized into Housing (via Prevention & Placement)

Housing Stabilization (Placement & Prevention)

Housing support services make it easier for households in crisis to transition out of homelessness or to remain in housing upon evictions. By offering a wide spectrum of housing assistance options that are tailored to various homeless populations, including at-risk, recently homeless, chronically homeless, physically vulnerable, and more - we are capable of serving the community at large and continue to move thousands out of homelessness every year. Over the past 10-years, we have provided subsidized and non-subsidized housing support for 15,537 individuals on Oahu.

IHS Emergency & Specialized Shelter Clients Served

Emergency & Specialized Shelter Clients

Hawaii's shelter system provides safety, short-term stabilization and is a stepping stone toward permanent housing. As homelessness and the needs of our community continues to evolve, we must adapt our shelter system to meet the needs of different homeless sub-populations each requiring specialized facilities and social service programs. Over the past 10-years, we have provided safety and short-term stabilization for 15,305 individuals on Oahu.

IHS Meal Program's Total Served

Meal Program

Meals are a critical entry point for clients to experience IHS, develop relationships with staff and consider services and housing. IHS staff provides three meals per day, seven days per week to anyone in need. Over the past 10-years, we have served 2,603,095 meals to those who were hungry. With a growing demand for homeless services, demand for meals continues to increase each year.

IHS Homeless Outreach Clients Served Across Oahu

Homeless Outreach Clients

Meeting unsheltered homeless people where they are - on the streets, geographically, spiritually and emotionally – is the nature of our homeless outreach program. IHS has evolved this team from being mainly focused on medical outreach providing wound care and health interventions, to being a housing-focused homeless outreach team that is capable of providing clinical interventions and generating interest in solutions to end their homelessness. Since the program began in 2008, IHS' Outreach team has grown from 2-individuals to a team of 12 and has served 4,207 individuals on the streets these past 10-years.

IHS Employment Program Clients Served

Employment Program Clients

We believe that every person thrives when they accept self-responsibility and work toward long-term sustainability. IHS' Hele-to-Work program offers comprehensive employment services that include job search and placement, resume building workshops, budgeting courses, access to ESL programs, dressing for success, and job skills development through our Urban Agriculture Rooftop Education and Training Center. With the program beginning in 2010, IHS has served a total 5,028 individuals these past 8-years.

Homeless Individuals and Families Receiving Health Services

Health Services

Over the past 10-years, we have provided health services for 16,509 individuals on Oahu.

IHS Remains a Highly Trusted Non-profit Organization Among Philanthropists

IHS received exceptional ratings by core philanthropic evaluators that assessed fiscal responsibility, financial health, accountability, and transparency. We strive to deliver impactful, quality-based services while being cost efficient and trustworthy with the monies our community provides us. This ensures that IHS is able to sustain its mission long-term.
