

Providing individuals and families with short-term stabilization through shelter options that lead to permanent housing

We take pride in providing community shelter settings that are hospitable, safe, and welcoming. Clients can expect to be treated with respect and are offered supportive services on site, including housing placement support, access to healthcare, employment support, case management, daily meals, mail service, laundry facilities and storage space.

Meal Programs

We provide meals to sheltered and unsheltered homeless three times a day, seven days a week. Meals allow clients to develop relationships with IHS staff and consider services and housing. IHS benefits from Aloha United Way and Hawaii Foodbank's Emergency Food Program credits to meet the increasing demand for meals. We also receive donations from churches and private groups. Donations like these help serve up to 300 per seating (or 900 meals per day) at a cost of about \$900.00 per meal service.

In a joint effort with Hawaii Foodbank on the last Thursday of each month, we host a food drop and distribution at our Sumner Men's Shelter. This effort allows individuals living in the community to restock their pantries with produce and canned goods.

Homeless clients experiencing evictions or whose items are stolen while on the streets now have a place to

reclaim personal belongings they can call their own once again. Doing so restores hope, offset's the cost of starting up their new lives, and gives guests a chance to rejoin our community with a sense of dignity. We encourage Hawaii's public to give responsibly, and continue to helps those taking action to end their homelessness at no cost.
